2.0 EVALUATION PROCESS

2.1 Evaluation and Selection Process

The evaluation will be comprised of the following stages:

The process, evaluation and selection guidelines relating to each stage of the evaluation and selection process are described below.

Stage 1: Review of Mandatory Requirements

The Corporation will review each submitted Proposal for compliance with the Mandatory Requirements. Subject to the paragraph immediately following, Proposals that do not comply

with the Mandatory Requirements will be eliminated from further consideration in the evaluation process and will not proceed to Stage 2 of the Evaluation and Selection Process.

Pricing Proposals that fail to comply with a Mandatory Requirement that, in the Corporation's sole determination, are due to clerical or administrative error or oversight may be deemed compliant with the Mandatory Requirement if the Proposer acknowledges the error or oversight and takes corrective action in writing within 24 hours of the Corporation giving notice of the same. For clarity, this provision will only apply to clerical or administrative errors or oversights made or omitted by a Proposer in responding to Mandatory Requirements and will under no circumstance be construed in such a manner as to extend to the affected Proposer any opportunity to amend, update, adjust, enhance or correct its Proposal in respect of Pricing or any Rated Requirement.

Stage 2: Evaluation of Pricing Proposal

Each Proposal that proceeds from Stage 1 to Stage 2 will be evaluated and ranked (i.e. 1, 2, 3, etc.) based on lowest cost trip rate per section/lane to the highest cost trip rate per section/lane.

Stage 3: Overall Ranking and Final Selection

The Corporation intends on awarding multiple Agreements as a result of this RFQ. Each selected Proposer will be advised by the Corporation as to its ranking as determined in Stage 2.

For each Proposer that receives a ranking (i.e. 1, 2, 3, etc.) for a particular Service/lane, the Service shall be deemed to be an "ad hoc service", meaning that the Corporation may request such Service(s) based on an established "call list", and the call list will be determined based upon the Proposer ranking established in Stage 2.
