

Availability of Home Pickup - Address Management

FSA: Forward Sortation Area boundaries

Description of the Map

A map of Canada showing Home Pickup service availability by Forward Sortation Area (FSA). Each FSA is shaded to indicate the percentage of eligible postal codes: darker shading represents higher availability, lighter shading represents lower availability, and white indicates no eligibility.

How the Map is Organized

- Canada is shown as a full national map, with additional inset maps highlighting urban regions (such as Vancouver, Calgary, Edmonton, Winnipeg, Toronto–Golden Horseshoe, Ottawa–Gatineau, Montréal, Québec City, Atlantic Canada cities, and others).
- Each FSA is labeled with its three-character postal prefix (for example, “M5V,” “V6B,” or “H2X”).
- Provincial and territorial boundaries are visible, including all provinces and the northern territories.

Meaning of Colours (Data Encoding)

The map uses **shading intensity** to represent the **proportion of postal codes within each FSA that are eligible for Home Pickup service:**

- **Darkest shading:** 100% of postal codes in the FSA are eligible
- **Dark shading:** 75%–99% eligible
- **Medium shading:** 50%–74% eligible
- **Light shading:** 25%–49% eligible
- **Very light shading:** Less than 25% eligible
- **No shading (white):** 0% of postal codes are eligible

Additional Map Elements

- A legend explains the shading categories and includes the label “Proportion.”
- Water bodies (e.g., Pacific Ocean, Atlantic Ocean, Hudson Bay, Great Lakes) and major geographic features are labeled.
- The map includes a timestamp indicating the data reflects **address management as of May 26, 2026.**

Home Pickup availability by Province and FSA
