

# Three key areas of your e-commerce operations to optimize

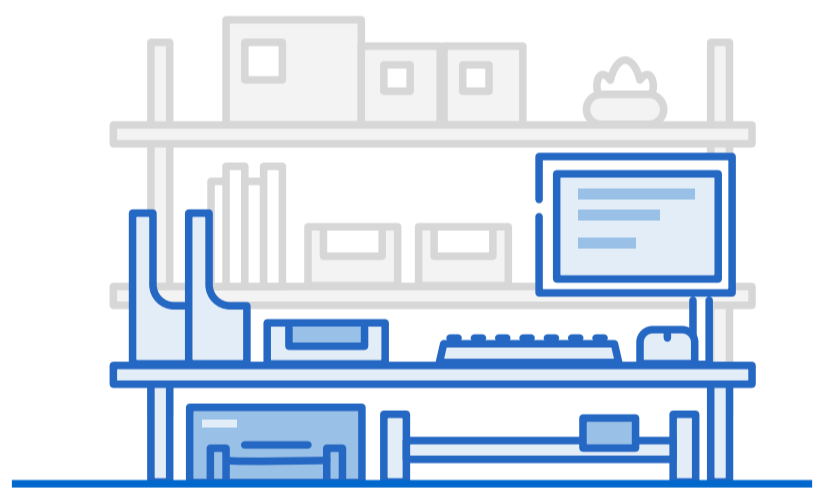

## 1 Order management

- Stay on top of inventory
- Choose your POS strategically
- Sort your orders wisely

## 2 Order fulfillment

- Optimize your space
- Print your shipping labels efficiently
- Determine your pick-and-pack process

## 3 Product packaging

- Choose the right packaging
- Package items securely
- Measure correctly
- Ensure the label is scannable
- Be sustainable
