

Canada Post Labour Disruption Locations

Updated information on mail delivery interruptions due to ongoing labour disruption

The Canadian Union of Postal Workers (CUPW) is holding rotating strikes in the locations listed below. Once delivery has resumed, the impacted locations will be archived.

Mail and parcels will not be delivered or picked up in locations where there are currently rotating strikes. Once the strike is over in a given location, the delivery of mail and parcels will restart as quickly as possible once operations resume.

Canada Post continues to operate across Canada. We are accepting and delivering mail and parcels in all locations, except where there are rotating strikes.

Active:

Start	Location(s)
October 20, 2025	CUPW in the region of Quebec (excluding the Metro-Montréal region) will not be processing or delivering flyers.

Please note: we've aimed to provide the most accurate information possible, however, there may be some discrepancies due to limited details from CUPW.
