

CANADA POST PARCEL LOCKER

The specs

- ▶ The parcel locker features six locked compartments to provide secure delivery for a range of parcel sizes.

height	163.8 cm (64.5 in.)
width	78 cm (30.7 in.)
depth	51.8 cm (20.4 in.)

The convenience

- ▶ We deposit the parcel in one of the compartments and the key to open the compartment is deposited in the occupant's regular mailbox. After retrieving the parcel, the occupant locks the compartment and returns the key in the compartment's key return slot.

Key return slots

Outgoing mail slot

The look

- ▶ The parcel locker complements the décor of your lobby with a marbled exterior design.

CANADA POST PARCEL LOCKER

Installation and maintenance

- ▶ There is no cost to you. There are no fees or recurring charges.
- ▶ There is no servicing obligation on your part.
- ▶ Installation is easy. No drilling or retrofit is required. Its location in the lobby is flexible – a choice made between you and the installers.
- ▶ If you ask to have a parcel locker installed, we make sure your occupants are told about how it works.
- ▶ The locker compartments are sized to fit about 80% of parcels and almost all packets delivered today.

1. Ordering

- ▶ Our coordinator arranges location, measurements and timing of installation.

2. Installation

- ▶ We install and maintain the parcel locker at no cost to you.

3. Delivery

- ▶ We deposit parcels in the secure locker for occupants to pick up at their convenience.
