1. Overview

An air stage office is a post office whereby all mail must be airlifted for more than 6 months of every year. Air stage offices exist because a practical surface transportation alternative isn't available in the area. These offices are generally confined to remote or isolated communities. On-Time Delivery Guarantee isn't available for air stage offices.

Please note:

We consider an air stage office to be air stage for the entire year.

2. Find an air stage office

You can find the full list of air stage offices in Canada below.

Air stage office locations
