1. Delivery standards at a glance

1.1 Overview

Delivery standards are the expected transit time – in business days – from the day of deposit (day 0) to delivery for items deposited before the local cut-off time.

A business day is a day other than:

- Saturday
- Sunday
- A statutory holiday
- Any day observed as a holiday by us

For all services, we consider deposits on days other than business days as accepted on the next business day. We consider items deposited after the last collection time specified on the street letter box, or after the cut-off time of the deposit location approved by us, as deposited on the next business day. Visit our [Direct Marketing and Transaction Mail depositing information page](#) for the list of deposit location cut-off times. We base delivery standards on available transportation. They're subject to change without notice.

The delivery standards don't apply to items that we return to sender or forward. Other exceptions may apply.

Our On-Time Delivery Guarantee applies to some services. Except where the On-Time Delivery Guarantee applies, all delivery standards are estimates only and aren't guaranteed. The On-Time Delivery Guarantee is subject to terms and conditions.

The information provided on these pages is subject to change without notice.

1.2 Important definitions

The following definitions will help you better understand the terms used in our delivery standards tables.

In this section

- Local

- Provincial
 - Regional
 - National
 - Forward Sortation Area (FSA)
 - Local Delivery Unit (LDU)
 - Processing facility
 - Major Urban Centre
 - Non-Major Urban Centre
 - Northern region or remote area
-

Local

Local is where the destination city or town is the same as the originating city or town.

Provincial

Provincial is where the destination city or town is in the same province as the originating city or town.

Regional

Regional is where the destination city or town is in the same region as the originating city or town. We group Canadian regions according to the following table.

<i>Region</i>	<i>Geographical area</i>
<i>Atlantic</i>	New Brunswick, Newfoundland and Labrador, Nova Scotia, and Prince Edward Island
<i>Central</i>	Québec and Ontario, including Northwestern Ontario (Postal Codes ^{OM} P7A to P7L, P8N, P8T, P9A, P9N,

<i>Region</i>	<i>Geographical area</i>
	P0T to P0Y)
<i>Western</i>	British Columbia, Alberta, Saskatchewan and Manitoba
<i>Nunavut East</i>	X0A
<i>Nunavut West</i>	X0B and X0C
<i>Northwest Territories</i>	X0E, X0G, and X1A
<i>Yukon</i>	Y0A, Y0B, and Y1A

National

National is where the destination city or town is in a different region as the originating city or town.

Forward Sortation Area (FSA)

The Forward Sortation Area (FSA) is the first 3 characters of the postal code. The FSA identifies the major geographic area in an urban or rural location.

Local Delivery Unit (LDU)

The Local Delivery Unit (LDU) is the last 3 characters of the postal code. The LDU identifies the smallest delivery unit in the Forward Sortation Area (FSA).

Processing facility

A processing facility is a facility at which we separate, sort, and transport parcels and mail to destination facilities for further processing or delivery. See our [Processing facilities for Direct Marketing and Transaction Mail table](#) and our [Parcel Services](#)

[\(Canada\) - FSAs and their designated processing facilities table.](#)

Major Urban Centre

A Major Urban Centre is a location with a processing facility for sorting, processing, and distributing parcels and mail. Delivery standards to and from Major Urban Centres are shortest because we don't need to transport parcels and mail to or from a processing facility before we deliver them. See our [Processing facilities for Direct Marketing and Transaction Mail table](#) and our [Parcel Services \(Canada\) - FSAs and their designated processing facilities table](#).

Non-Major Urban Centre

A Non-Major Urban Centre is a location without a processing facility. Delivery standards to or from Non-Major Urban Centres are longer because we need to transport non-local parcels and mail to or from a processing facility before we can deliver them. See our [Processing facilities for Direct Marketing and Transaction Mail table](#) and our [Parcel Services \(Canada\) - FSAs and their designated processing facilities table](#).

Northern region or remote area

A northern region or remote area is a location that's far removed from Major Urban Centres or that receives infrequent service. We list all remote areas in our [Postal codes of remote areas table](#).

2. Direct Marketing and Transaction Mail

2.1 Direct Marketing and Transaction Mail overview

The following table summarizes the applicable delivery standards for Direct Marketing and Transaction Mail. Delivery standards aren't guaranteed.

Please note:

Our [Processing facilities for Direct Marketing and Transaction Mail table](#) or [Postal codes of remote areas table](#) will show the processing facility and the classification (whether it's found in a Major Urban Centre, Non-Major Urban Centre, or remote area) of the Forward Sortation Area (FSA) where we'll mail or deposit your mailing.

2.2 How to find delivery standards for Direct Marketing and Transaction Mail items

To calculate the estimated delivery standard for Direct Marketing and Transaction Mail items, follow the steps below.

1. Find the processing facilities in Major Urban Centres and Non-Major Urban Centres and remote areas

Use the FSA where your mailing will be **deposited** and the FSA where your mailing will be **delivered** to find the 2 associated processing facilities in our [Processing facilities for Direct Marketing and Transaction Mail table](#).

2. Find the delivery standard

On the [Delivery standards by service - Direct Marketing and Transaction Mail page](#), choose the applicable service. Use the corresponding table to calculate the delivery standard with the processing facilities identified in Step 1.

3. Determine the delivery cycle for Neighborhood Mail

Using the [Neighbourhood Mail - delivery cycle table](#), determine the delivery cycle applicable to your mailing and add it to the delivery standard.

2.3 Processing facilities for Direct Marketing and Transaction Mail

There are 18 Canada Post processing facilities where we process Direct Marketing and Transaction Mail.

Use the following tables to identify the processing facility and the classification (whether it's located in a Major Urban Centre, Non-Major Urban Centre or remote area) of the FSA where your mailing will be deposited or delivered.

Please note:

Postal codes and FSAs that aren't included in this table are considered to be remote/northern areas. See the [Postal codes of remote areas table](#) for details.

Use these 2 tables to find the processing facilities where your mailing will be deposited and delivered.

On-Time Delivery Guarantee

We offer the On-Time Delivery Guarantee feature through:

- Priority™
- Xpresspost™
- Expedited Parcel™
- Flat rate box

Terms and conditions apply. Please refer to the [General Terms and Conditions](#) for more information. Delivery standards for Regular Parcel™ aren't guaranteed.

Use our online [Delivery standards tool](#) to find the specific delivery standard from your postal code.

Please note:

Expedited Parcel is only available to customers with a standing contract with Canada Post. Flat rate box is a prepaid product available only to consumers.

4.2 How to find delivery standards for Parcel Services shipping in Canada

To calculate the estimated delivery standard for Parcel Services shipping in Canada, follow the steps below.

1. Determine if your item is being sent locally, regionally, or nationally

Using the definitions on the [Parcels - Important definitions page](#), determine whether the item is being sent locally, regionally, or nationally.

2. Find the processing facilities and the type of centre

Using our [Parcel Services shipping in Canada - FSAs and their designated processing facilities table](#), use the FSA where your mailing will be **deposited** and the FSA where your mailing will be **delivered** to find the 2 associated processing facilities. Then, see if the item will be deposited and delivered from a Major Urban Centre or Non-Major Urban Centre.

3. Find the delivery standard

On the [Delivery standards by service - Parcels \(Canada\) page](#), choose the applicable service. Use the corresponding table to calculate the delivery standard with the processing facilities identified in Step 2 above.

4. Calculate your delivery standard

Adjust the delivery standard as indicated on the [Delivery standard adjustments page](#).

4.3 Parcels - Important definitions

The following definitions will help you better understand the terms used in our Parcels delivery standards tables.

4.6 Delivery standard adjustments

Adjust the delivery standard found on the [Delivery standards by service - Parcels \(Canada\)](#) page as follows:

- If the item is originating from or is addressed to a Non-Major Urban Centre (as you determined on the [How to find delivery standards for Parcel Services shipping in Canada](#) page) and is a Regional or National shipment (as you determined on the [Parcels - Important definitions](#) page), add 1 day
- If the processing facilities identified in steps 2 are the same and the shipment isn't a Local shipment (as you determined on the [Parcels - Important definitions](#) page), add 1 day
- If either the originating or destination Forward Sortation Area (FSA) is a Non-Major Urban Centre, use the [Postal codes of remote areas table](#) to figure out if either postal code is also remote
- If the originating or destination postal code is remote, add up to 5 days

5. Delivery standards to the U.S.

5.1 Small Packet

Small Packet

The estimated delivery standard for Small Packet™ – Air service to U.S. destinations is 5 to 8 business days.

Please note:

On-Time Delivery Guarantee, where applicable, is subject to terms and conditions.

5.2 How to find delivery standards to the U.S. for other services

To calculate the estimated delivery standard to the U.S. for other services, follow the steps below.

1. Find the processing facilities for U.S. destinations and add the extra business days

On the [Processing facilities to the U.S. with added business days page](#), use the table corresponding to the service you're using (for example, Xpresspost™ – USA) to determine to which of the 3 processing facilities (Montreal, Toronto, Vancouver) the shipment will be sent based on your originating Forward Sortation Area (FSA).

Remember the number of extra business days so you can add it to the delivery standard.

2. Find the delivery standard to the U.S.

On the [Delivery standards to the US by service page](#), use the table corresponding to the service you're using (for example, Xpresspost – USA) to determine the applicable delivery standard.

Consider the processing facility determined in Step 1 and use one of the following tables:

- If you addressed your item to one of the major U.S. cities listed, use the Delivery standards to major US urban centres table
- If you didn't address the item to one of the major U.S. cities listed, use the Delivery standards to U.S. states table

3. Calculate your delivery standard

Add the number of extra business days (found in Step 1) to the delivery standard (found in Step 2).

5.3 Processing facilities to the U.S. with added business days

Use the following tables to determine which processing facility we'll send your deposit from.

In this section

- Xpresspost – USA processing facilities
 - Expedited Parcel – USA processing facilities
 - Tracked Packet – USA processing facilities
-

Please note:

- These calculations are for estimation purposes only. Our shipping systems or tools will present updated delivery standards when you provide a destination postal code. We'll provide delivery standards that apply to the On-Time Delivery Guarantee when we accept the item.
- In addition to other limitations, the On-Time Delivery Guarantee doesn't apply to post office box addresses, food items, or items mailed to U.S. territories and possessions including:
 - American Samoa 96799
 - Wake Island 96898
 - Guam
 - Palau
 - Micronesia
 - Mariana Islands
 - Marshall Islands 969
- The On-Time Delivery Guarantee also doesn't apply to United States Army Post Offices (APOs) or military installations, including U.S. Military zip codes:
 - 090 to 098
 - 962 to 966
 - 340

6. Delivery standards to international destinations

6.1 International Parcel, and Small Packet

International Parcel

Estimated delivery standards for International Parcel™ service:

- *International Parcel – Air*: 6 to 10 business days
- *International Parcel – Surface*: 4 to 12 weeks

Small Packet

Estimated delivery standards for Small Packet™ to international destinations:

- *Small Packet – Air*: 6 to 12 business days
- *Small Packet – Surface*: 4 to 12 weeks

6.2 How to find delivery standards to an international destination

To calculate the estimated delivery standard to an international destination, follow the steps below.

1. Find the processing facilities for international destinations and add the extra business days

On the [Processing facilities to international destinations \(with added business days\) by service page](#), use the table corresponding to the service you're using (for example, Xpresspost™ – International) to determine to which of the 3 processing facilities (Montreal, Toronto, Vancouver) the shipment will be sent based on your originating Forward Sortation Area (FSA).

Remember the number of extra business days so you can add it to the delivery standard.

1

2. Find the delivery standard to the international destination

On the [Delivery standards to international destinations page](#), use the table corresponding to the service you're using (for example, Xpresspost – International) and the processing facility you determined in Step 1 to determine the applicable delivery standard.

3. Calculate your delivery standard

Add the number of extra business days (found in Step 1) to the delivery standard (found in Step 2).

1

Please note:

These calculations are for estimation purposes only. Our shipping systems and tools will present updated delivery standards when you provide a destination postal code. We'll provide the standards that apply to the On-Time Delivery Guarantee when we accept the item.

6.3 Processing facilities to international destinations (with added business days) by service

Use the following tables to determine which processing facility we'll send your deposit from.

Please note:

Delivery standards for Tracked Packet™ – International aren't guaranteed.

6.4 Delivery standards to international destinations

Use the corresponding table to calculate the delivery standard based on the applicable processing facilities you found on the Processing facilities to international destinations page.

In this section

- Delivery standards for Xpresspost – International to select destinations
- Delivery standards for Tracked Packet – International to select destinations

Don't forget to add the number of extra business days (found on the Processing facilities to international destinations page) to the delivery standard (found on this page) to determine your estimated delivery standard.
