## Christmas – Rolf Harder

Issue date: November 1, 2016

Originally from Germany, Rolf Harder opened his own design firm in Montréal in 1959. After co-founding several other notable design companies, in 1978 he went on to establish Rolf Harder and Associates Inc., where he worked for the next 20 years. Harder lent his creative talents to a diversity of clients – among them, Canada Post. He designed more than 60 stamps over some 30 years, including multi-year series depicting fortifications and extinct flora and fauna in Canada. With more than 100 awards to his name, his work is part of the permanent collections of such institutions as the Musée national des beaux-arts du Québec and the Museum of Modern Art in New York.

Designed by H el ene L'Heureux, these stamps were developed from Rolf Harder's original illustrations under the direction of his daughter, Vivi Harder. Simple vignettes set in a winter wonderland inhabited only by Santa Claus, a Christmas tree and a dove with an olive branch, they exemplify the minimalist style and creative joy associated with this renowned Canadian designer, who died in 2013.

## Christmas – Madonna and Child

Issue date: November 1, 2016

This elegant Renaissance image of Mary and the infant Jesus, entitled *Virgin and Child*, was created by an artist whose name eludes curators. He is known only as the Master of the Castello Nativity for one of his most famous works – a painting depicting the birth of Jesus that came from Castello, Italy. Created c. 1460 using tempera and gold on wood, *Virgin and Child* measures 58.5 cm x 37 cm. The intensity of the colours in this and other of the master’s works comes from multiple layers of tempera, a fast-drying medium that was common before the advent of oil paint at the end of the 15<sup>th</sup> century. This rare work was part of a large donation by Michal and Renata Hornstein to the Montreal Museum of Fine Arts.
